BLOOMFIELD HIGH SCHOOL
Class of 1946

FOREWORD

The play on opening night . . . a Senior Class at Commencement—unlike in some respects; in others a striking similarity. Actors, producers, directors, managers—students, teachers, advisers, administrators—many factors, many personalities are blended together for the successful production. Long rehearsals for dramatic perfection, busy high school years to gain the strength and character and education to build the life we want.

The final scene of an important act in our play of life has ended. The world is before us. The stage is set. The success of the roles we are to play rests now with us individually.

PROGRAM

MEMORIES, a three-act production, starring the Senior Class of 1946, produced and directed by the faculty and administration of Bloomfield High School.

Time—September 1943 to June 1946
Place—Bloomfield High School

DIRECTORS AND PRODUCERS

With the kindly prod of criticism and the encouragement of praise, our patient, understanding "producers and directors" have trained and molded our undeveloped talents. Three brief years at B.H.S. and now we enter upon the broad stage of the world—hopeful but inexperienced actors and actresses—anxious to be successful—eager to make our teachers, directors and advisers very proud of us.

APPRECIATION TO ANNUAL ADVISERS

According to Shakespeare, the world is just a stage, and we, the players. This comparison between the production of a play and the development of a student is the theme we have tried to convey throughout our book. To make **Memories** a book that you will enjoy, we have tried to include informal shots, clever write-ups, and a wide variety of material.

But, no yearbook would be a success without the assistance of its advisers. To you, Miss Brummerstedt, Miss Fischer, and Mr. Willever, we wish to extend our thanks and to tell you how much we have enjoyed working with you. Your willing assistance and supervision have contributed in making **Memories** a success.

Best wishes for your success
and happiness!
Irene F. Brummerstedt

ACTORS

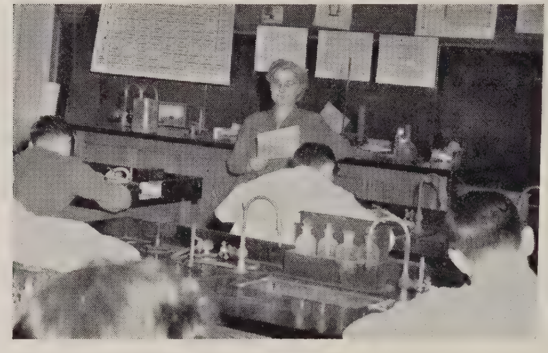
SENIORS

From sophomore to senior year we studied together, worked together, had fun together—now we emerge as individuals—we present the cast of 1946, one by one . . . .

PROMPTORS

We, the Class of 1946, are greatly indebted to Mrs. Florence M. Chiesa and Mr. W. Ralph Correll, our class advisers, for the sincere interest and earnest participation they have given in directing the activities of our class for the past three years.

Best wishes
for your future
happiness!
Florence M. Chiesa



FLORENCE M. CHIESA

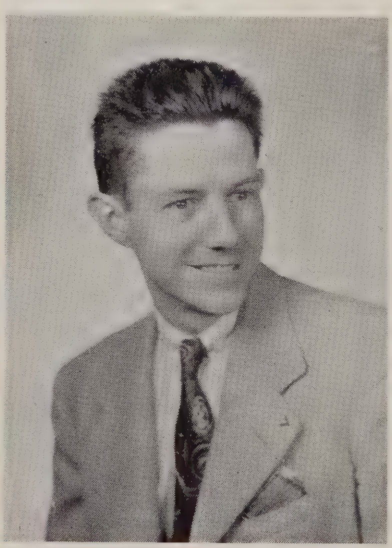
Mrs. Chiesa, with her charming manner and her understanding nature, has become well-known to us. Co-adviser of our class and of the Chemistry Club, she has been a chemistry teacher at B.H.S. for the past four years.

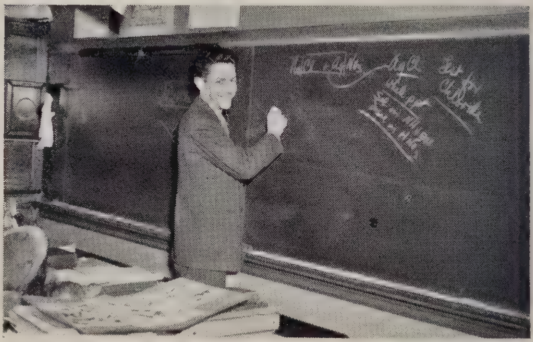
Born and educated in New York, Mrs. Chiesa attended a boarding school called Drew Seminary for Girls at Carmel, N. Y., and later received her B.A. degree from Barnard College of Columbia University.

She has had extensive teaching experience principally in Denver, Colorado. Since Mrs. Chiesa has always derived a great deal of pleasure from traveling, she has made extensive tours of Europe and the national parks of the United States.

Upon the death of her husband, Mrs. Chiesa returned East. She has two children, a daughter attending Bucknell University, and a son at Junior High.

Best wishes
W. Ralph Correll





W. RALPH CORRELL

A boyish grin and a genial personality, plus an energetic nature are some of Mr. Correll's outstanding traits. His interest in the students and his willingness to guide them resulted in his becoming adviser to the Hi-Y and the Chemistry Club and co-adviser of our class. His love of music has made him an accomplished musician as shown by his work as organist and choirmaster of his church.

A native of Milleville, N. J., Mr. Correll received his B.S. at Roanoke College, Virginia. Since then, he has had extensive teaching experience in New Jersey and in Virginia and has taught in the science department of B.H.S. since 1943.

In March of this year, Mr. Correll took leave of B.H.S. To him, we extend our sincere wishes for success in his new position.

PROPS

No actor or actress can reach success without his props — scenery, costumes, lights, stage crew. None of us completes our BHS training without the influences of our props—clubs and outside activities. Seldom is the scenery high-lighted, seldom are the costumes. Without them, however, the play is lacking—so also, these activities, although not completely necessary, enrich our high school lives.

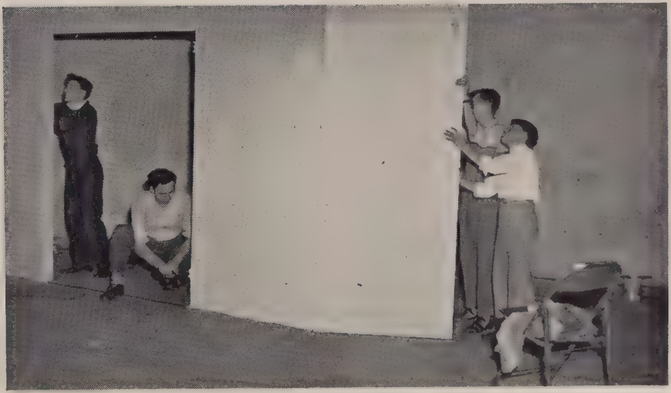
LIFE OF THE
PARTY

THE PARTY”

“LIFE OF THE PARTY”

Please pass the green eye-shadow! What did you do with Ginny's orchid? Where is Tommy's police stick? Not so much noise!

What more need we say to bring back that spirit of excitement back-stage when the seniors of B.H.S. put on the world premier of “Life of the Party”? Our competent coach, Mrs. Williams, can be seen pressing good luck pennies into the clenched palms of future Garsons and Gables. Within a few moments all hub-bub and confusion vanishes and the air rings with expectancy as the curtain rises. An audible sound of approval rustles through the audience as the cheerful living room of the Hughes' residence makes its appearance. This room is the background for a gay, fun-loving family and their many humorous trials and tribulations. It all starts when bookworm Jean (Phyllis Ford) decides to



"Life of the Party"

throw away her specs, curl her hair and become the life of the party. Of course her brother Teddy (Rodger Gibson) only complicates matters when he takes three girls to the same party. You can image the results! And then when society-conscious Mrs. Hughes tries to crash the exclusive Clover Club in Butterfield, things really begin to happen. At the peak of the evening our very popular football and basketball stars, looking quite ravishing in their tuxedos, are seen strolling on the veranda with a pretty girl on each arm. It only takes a second to mar this tranquility when burly Officer Lipscomb (Thomas Keating) stalks into the room demanding to find the owner of that contraption of a car parked outside! But "All's well that ends well" and such is the case in this comedy.

Looking back on its school days, the class of '46 will long remember this successful world premier of "Life of the Party", so packed with laughs and hilarity.

BETWEEN ACTS

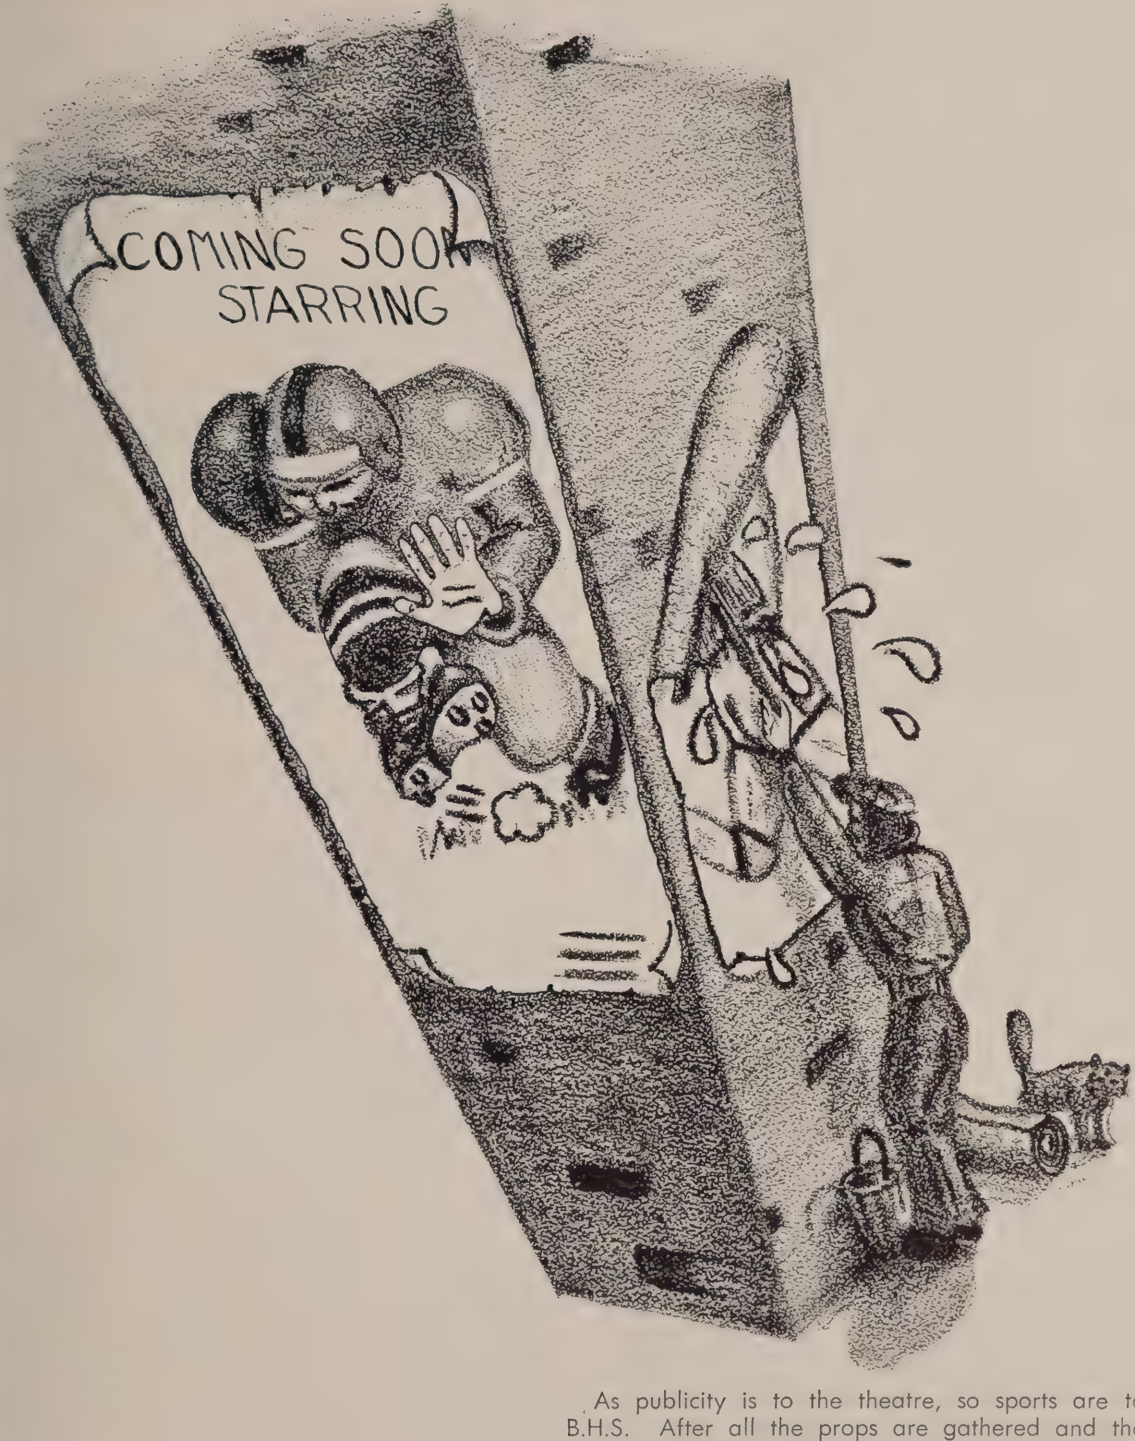
As if eight periods a day weren't enough, a few hearty souls insist on a ninth. In gray dawn or dim dusk, many rooms in B.H.S. are humming with the activities of our various club groups. Future chemists and physicists are busy experimenting on the fourth floor, while below in an open court, the mellifluous tones of the Band can be heard. At this time, most of our amateur photographers are out looking for prospective shots. Down the hall a possible future Congressional filibusterer is practicing his art on a group of his unfortunate constituents.

Between Acts

But all kidding aside, our various clubs have become an integral part of B.H.S. activity. Since the formation of the Latin Club, our extra-curricular activity groups have grown steadily, until today, no year would be complete without them. Notwithstanding the radical initiation of the Girl Reserves, they perform valuable community services by helping the needy. This work is also carried on by the Hi-Y and the Junior Red Cross. Music organizations, such as the Glee Club, Band and Orchestra have added spice to many an assembly program. The language and science groups, in addition to broadening the student's knowledge of the subject, provide social enjoyment. For a change of mood and recreation the Hiking, Bowling and Riding Clubs provide excellent pastimes.

The clubs of B.H.S. round out the daily activities of many students by providing recreation and amusement outside of the routine schedule.

PUBLICITY



As publicity is to the theatre, so sports are to B.H.S. After all the props are gathered and the play is ready for production, posters, ads, reviews give the added momentum needed for success. Through their exceptional record, B.H.S. sports proclaim to all (as do the posters, ads, and reviews of the theatre) the outstanding talents of our cast.

ARCHERY TEAM

May we introduce to you the unsung champions of B.H.S., the Archery Team? Not to be outdone by any male competition in the school, the girls are champions in every sense of the word. In the last seven years the team has won every indoor tournament they participated in, and for the past six years, copped first place in the National Interscholastic Tournament. For B.H.S. they have spread fame, their pictures having appeared in newspapers and magazines of nation-wide circulation. This year's team of twenty-three, ten of whom are seniors, under the capable leadership of Captain Gloria Renard, and Manager Rita Dispenziere, has found no difficulty in upholding the former outstanding reputation of previous teams. Several tournaments were held this year with the teams of Kearny, Hillside and Irvington. Needless to say the B.H.S. archers triumphed each time. When these gals shoot an arrow, it seldom misses the gold or red of the target and more often all six go into the gold. This makes a perfect end, a 54, and the girls have over four hundred of them chalked up for this year's record. Doris Draffin, ace archer, has had the honor of making the incredible score of 270 which is putting thirty arrows in succession in the gold. Doris has accomplished this feat three times within the past two years. That's shooting!!

The team practices inside three times a week throughout the Fall and Winter, but it is said that the true heart of an archer lies outdoors and thus we find that the girls eagerly look forward to Spring which affords the most ideal conditions for shooting. Whereas, inside, their shooting is limited, the girls are able to vary outdoors and shoot from twenty to sixty yards. The Blue Grass Tournament which is open to older women's teams was entered by the girls for ten weeks and they placed in the higher brackets of scoring. Outstanding Seniors of the team include Eleanor Rathgeber, Barbara Siver, Joan Kerr, Janet Dean, Jeanne Conroy, Pat Cunning, Alice Kucinski, Betty Sayford, Doris Draffin, Gloria Renard and Rita Dispenziere.

What is the key to their phenomenal success? The answer lies in the enthusiasm which the girls have for the sport and, above all, the patience, time, and effort of so worthy a coach, Miss Edith C. Russell. It's the combination that makes champions!

6—PERFECT END

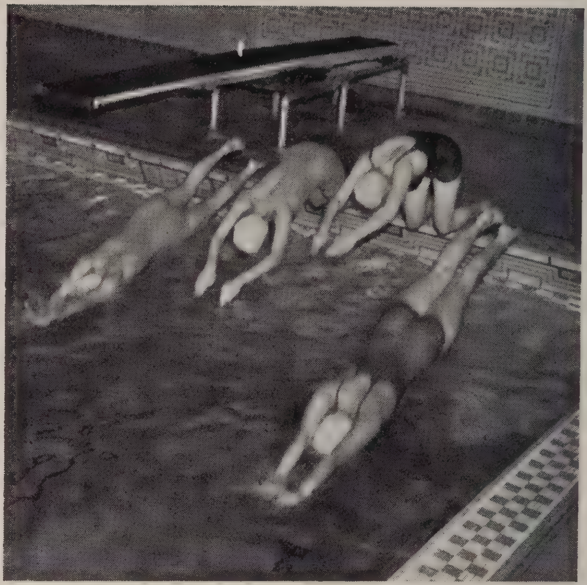
MISS EDITH C. RUSSELL

Miss Russell, to you we owe so many pleasant hours of sports and memories. We thank you for the time you sacrificed and for your devotion and interest. We have learned not only athletic skills, but also lasting ideals of sportsmanship. We are deeply grateful to you.

OTHER SPORTS

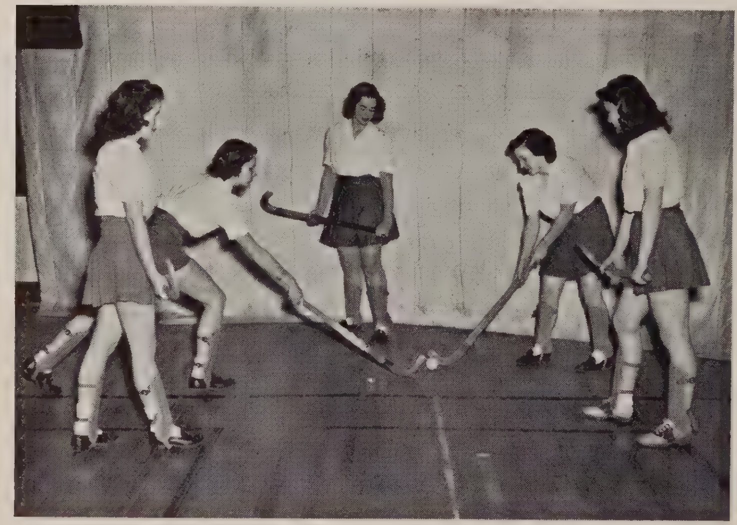
SWIMMING

Under the supervision of Miss Wilson, two groups, each composed of approximately one hundred girls, enjoyed the facilities of the Montclair Y. W. C. A. Instructors taught the techniques of swimming and diving to the three different groups, beginners, intermediate and advanced. The advanced group will participate in an exhibition water ballet.



HOCKEY

Hockey is a comparatively new sport in Bloomfield High School, having been added to the extra-curricular activities of girls just three years ago. A group of forty-four candidates went out for this year's squad proving the enthusiasm with which the sport has been accepted. The girls practiced during the fall, three days a week at Watsessing Park, and this past season completed a schedule of seven games. Dressed stunningly in outfits of red shorts, gray sweaters with the hockey B's, they were a colorful sight and gave an excellent representation of our school. Besides learning the techniques of the sport through the capable coaching of Miss Myra Wilson, social contacts made after the games have taught the girls the true spirit of sportsmanship. Outstanding seniors of this year's squad include high scorer Nancy Ford, Pat Cunning, Eunice and Juanita Werner, Claire Paxton, Phyllis Urband, Eleanor Jennings, Betty Jockel, Joyce Ellis, Geraldine Johnston, Merrilyn Fish, and Rosemary Andrews.



BASKETBALL

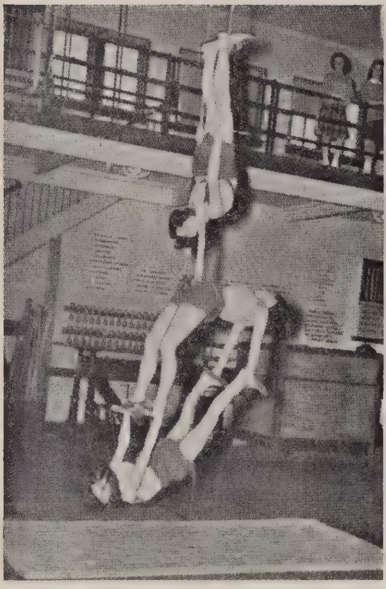
Spirit and enthusiasm took firm hold as the interclass basketball games, under the coaching of Miss Edith C. Russell, got under way. From November to February, Wednesday afternoons found the girls' gym the scene of many an exciting and thrilling game refereed by Miss Myra Wilson. We may take pride in knowing that throughout three years of intermural competition, the present seniors have distinguished themselves and left an admirable record. In our Junior year, a team captained by Betty Jockel downed some stiff competition from upper classmen and won the prized silver basketballs awarded to the championship team. Members of that squad included Gloria Renard, Marjorie Budd, Muriel Morgan, Henrietta Caruso, the Kessell twins, and Margie Schumm. This year the rivalry among the classes was close, a fact which contributed much to the interest and liveliness of games, but again a senior team, playing the same good brand of basketball that marked other years, came out on top and won the coveted basketballs. Senior teams captained by Gloria Renard and Jane Kessell, afforded tough opposition, but Betty Jockel and her gals finished as champs with a clean sheet. Individual high scorers for the season included Doris Draffin—73, Betty Jockel—71, Marjorie Budd—71, Nancy Kessell—45, and Phyllis Ford—38.

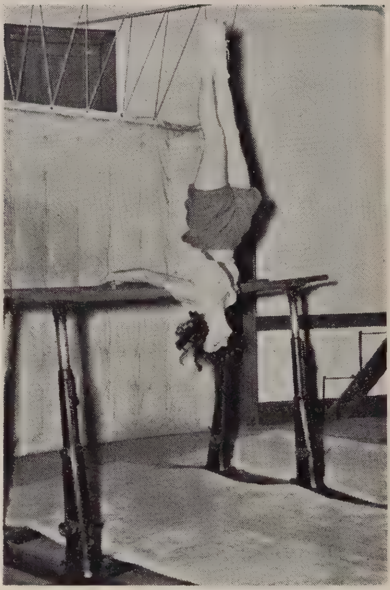
LEADERS CLUB

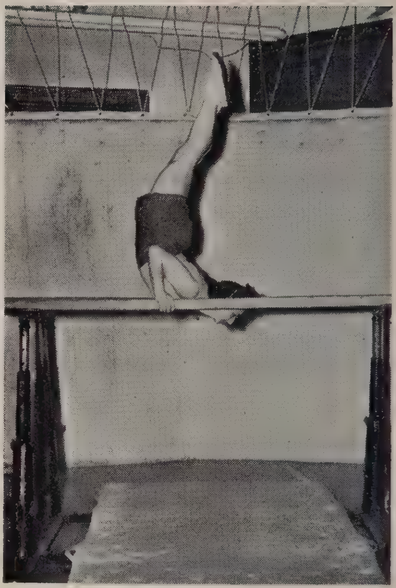
The Leaders Club, under the direction of Miss Myra Wilson, was organized this year for the purpose of planning better and more interesting gym classes. In each girls' gym class there are a captain, checker, equipment manager, and eight squad leaders. These eleven girls from each class compose the Leaders Club, making the total membership sixty-six. The club meets once a week to go over the gym class programs for the coming week, meeting the needs of the girls and welcoming all suggestions. The true theme of the organization and the responsibility of each girl is clearly brought out in the following pledge which all members must take: "I promise to do my best in leading my class. I realize I must be a good follower as well as a good leader. I will always keep in mind that I am an example to the rest of the class. I will do my best to conduct myself in gym and in all other classes so that I will be above reproach. My thoughts will always be of others first and myself last. I will be honest, sincere and cheerful in all my duties."

MISS MYRA WILSON

By your glowing personality, your determination, your friendliness, you've added so many pleasures to our sports, Miss Wilson. Your genuine sense of humor has livened and made more pleasant many a gym class, too. We thank you sincerely for your guidance and companionship.







SENIOR GYM TEAM

Fifty-two girls, dressed in their gym suits of red and gray, rush enthusiastically on to the gym floor every Thursday afternoon. Yes, it's Senior Gym Team time, and everyone eagerly works and looks forward to a big event of the year—the Exhibition. Each girl has been assigned several exercises to do, to which she faithfully devotes her time, practicing diligently in order that she may do them to perfection. The girls perform exercises on the rings and parallel bars that require excellent co-ordination and control of muscles and nerves. The girls work hard to attain and keep their positions on the Gym Team, for it is truly an honor. The standards set by the competent coach, Miss Edith C. Russell, to whom the girls extend every measure of love and devotion, are high, and the development of good strong character traits and clean thinking minds is just as important as the development of the body. An account of the team would not be complete without some mention of the Military Drill, the colorful highlight of the Exhibition. Dressed in snappy red costumes, the thirty-two chosen girls give the famous Rockettes some stiff competion as they march across the floor, each girl moving in perfect rhythm and time. Capable and worthy Captain and Co-Captain respectively of this year's Gym Team were Doris Draffin and Eleanor Rathgeber.

BASEBALL

Last year's 1945 Red and Gray baseball combine, led by the outstanding hurling of ace-pitcher Jim Stewart, annexed the Greater Newark Invitation Tournament by topping a terrific Columbia nine 5—0 at Ruppert Stadium. Returning to bolster this year's Tiger team are four lettermen. All-Stater Milt Ayers, one of the best center fielders in New Jersey, should pace the Bengals to a very successful campaign. He will be ably supported by first sacker Ed Nalebuff, a long ball hitter who is looking forward to a good season, Infielder Mike Afflitto, a fast-moving ball hawk will certainly fill in one of the spots in Coach Bill Foley's revamped infield. Tiger veteran curve baller Don Uehlein, a pitcher with plenty of good stuff on the ball, saw a great deal of duty as the number two pitcher last year, winning five games and only dropping one game to Columbia High.

As far as the rest of the team . . . the positions are wide open. However, Jack Rasp and Jack West seem to have a definite edge over other contenders for the catching assignment. Both boys are good hitters. Frank Fisher looks like a sure-bet for one of the infield roles, with team-mate Alt Dexheimer most likely roaming next to Ayers in one of the outer garden slots. Fast ball hurler Joe Dimmick may have to fill an important role as a relief pitcher.

All in all the Bengals have the material to become a top-flight baseball outfit this year. Inasmuch as last year's club won the tournament play, the Tigers will have to defend their hard-earned title in this year's fray . . . Here's luck, anyway.

Lots of luck and best wishes
Don Uehlein

FOOTBALL

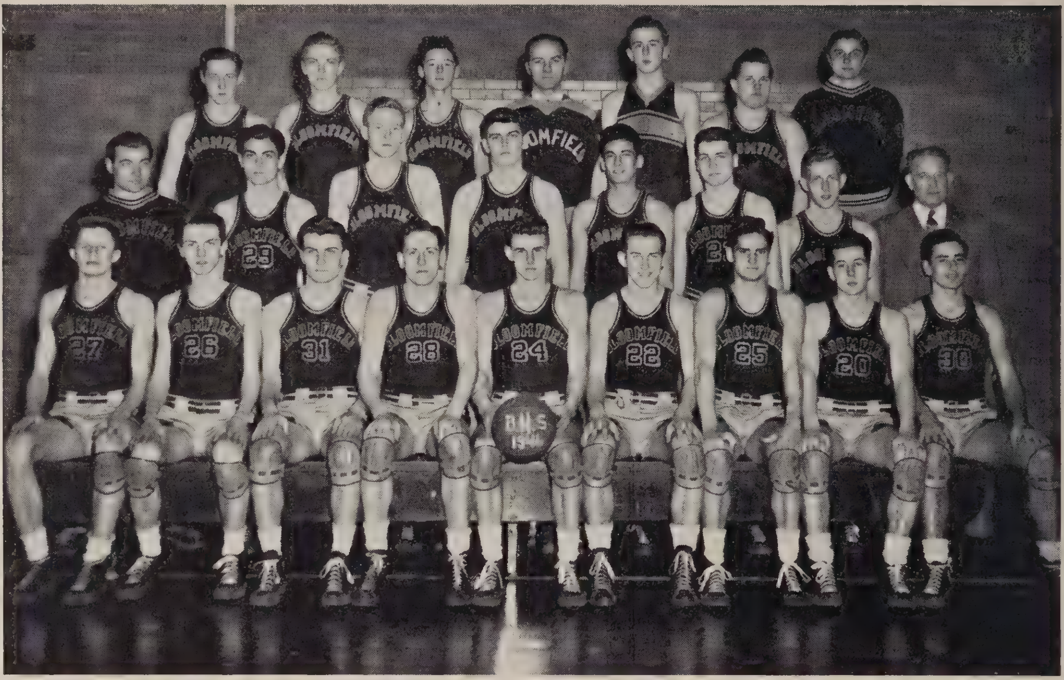
Coach Foley's great football teams will always live in the memory of every Bloomfielder who has seen them in action. Certainly our '45 combination can never be forgotten for the determination that they showed in winning the State Crown. The Red and Gray scored eight wins, while dropping only a 7-0 upset decision to Irvington.

Pre-season reports labeled the Tigers a green ball club with very little promise, but as the season progressed, so did the strength of the Bengals . . . by mid-season they were one of the best teams around . . . and when it came time to pick the state champion . . . Bloomfield stood at the top of the list.

The Bengals opened the season with a bang when they topped Seton Hall 33-12. In successive order they scored victories over Belleville 18-13, Paterson East Side 28-6, Central 7-0, Dickinson 15-0, and Garfield 12-6. However, the following Saturday, a runback of a pass interception by an Irvington back set the Tigers down 7-0. But this upset inspired the Bengals, and the following week they bounced back when they blanked Nutley 14-0. Coach Foley's lads reached their peak, however, when they rang down the curtain by running rough shod over Montclair 13-0.

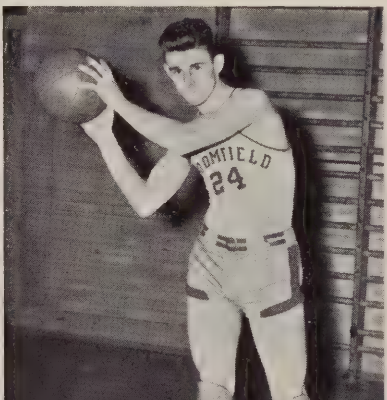
A lot of credit for the team's success is due Sal Mustachio, an able captain. He was a mainstay along the defensive lines and his play an inspiration to his teammates. Sal was flanked by end Jack Kulpa, and tackle Art Swerdlow. Both boys played bang-up ball. The Tiger backs were small and shifty and did a fine job. Leading point-getter for the Red and Gray was Vin Palmo and he was ably assisted by Johnny Kerian and Mike Afflitto.



FIRST ROW: Left to Right—Carl Kopf, Ed Hunt, Bill Datre, Don Nalebuff, Captain Milt Ayers, Chuck Courter, Mike Afflitto, Alton Dexheimer and Cosmo DeAndrea.
SECOND ROW—Mr. Berlinski, Lou DiVenuta, Dick Gilbert, Don McCormick, Chris DeAndrea, George Pierson, Bruce Maples, and Mr. Foley.
THIRD ROW: Pat Chanette, Dick Hoff, Mike Mattia, Mr. Bonavita, Pete Bretz, Harold Buerkle, and Jack Chanowski. Ed Nalebuff was absent when the picture was taken.

BASKETBALL

Although the '46 Red and Gray courtmen of Bengal town were an up and down cage aggregation, they did finish very strong, compiling a noteworthy seasonal record . . . . capturing ten of their eighteen outings. In the earlier stages of the season, the Tigers seemed to play a listless brand of basketball. They'd display a definite scoring punch in the earlier minutes of the game, get themselves a five or six point lead, and then fold up when they tried to slow the game down. Had the team kept up their offensive spark during the full thirty-two minutes of play, there might have been quite a difference in the just better-than-average record which they tallied.



As far as the regular season went, it wasn't until the Central game that the Foleymen began to realize that they had the makings of a winning hoop five. The Tigers tripped this powerful Central team 40-30 and in doing so looked like a smooth operating ball club. The victory over Central was just what Captain Milt Ayers and his boys needed and they settled down to roll up six more wins in their next eight engagements . . . . taking the last four tilts straight. Surely the highlight of the '46 basketball season was the trouncing which Coach Foley's boys handed Glen Ridge in their annual game. The Tigers set back the Ridgers to the tune of 51-22, actually running wild against their near-by rivals. Then later in the week the Bengals stuck another feather in their cap when they edged an outstanding Seton Hall team 36-33 in a polio game played at Seton Hall's spacious gym before some 3000 fans. Finishing in "Frank Merriwell" style, the Red and Gray wound up the year by running all over a game East Side team 71-48, and then swamped an American Legion team composed of former Tiger greats 51-36.

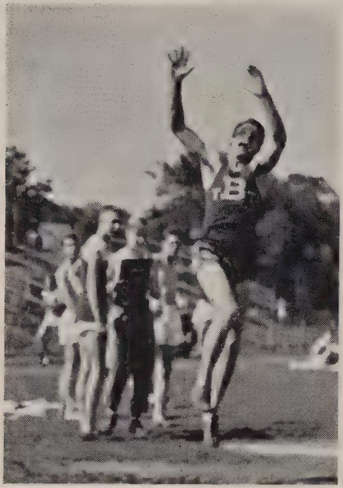
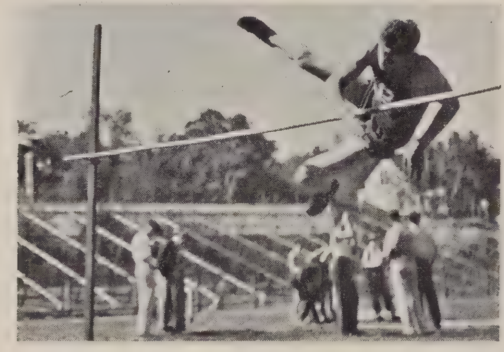
OTHER SPORTS



FENCING TEAM

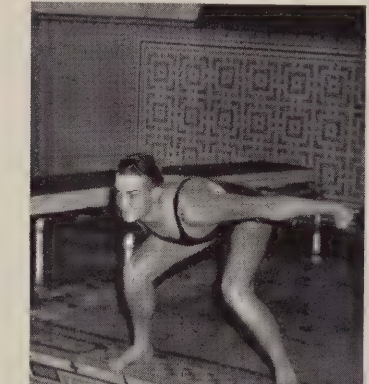
The Bloomfield Foilmen ran up one of the finest records in Red and Gray fencing history. The Bengals, coached by Vincent Surdi, a former swordsman at South Side High, racked up a total of six wins and dropped a one point decision to an outstanding Barringer team. The Tigers were paced by Louis Kreie, who won 18 individual matches out of 21 starts. The Bengals topped such schools as South Side 5-4, Lincoln 7-2, Snyder 6-3, Blair 8-1, and Ferris 9-0. The only dual meet which they dropped was a 5-4 affair against Barringer. Because of their efforts, the Bengals entered the Metropolitan meet in March and faired very well. The Bengals, you remember, won that meet in 1943.

In addition to Louis Kreie, the team consists of Jimmy Larkin, Tom Grimes and James Garofalo.



TRACK

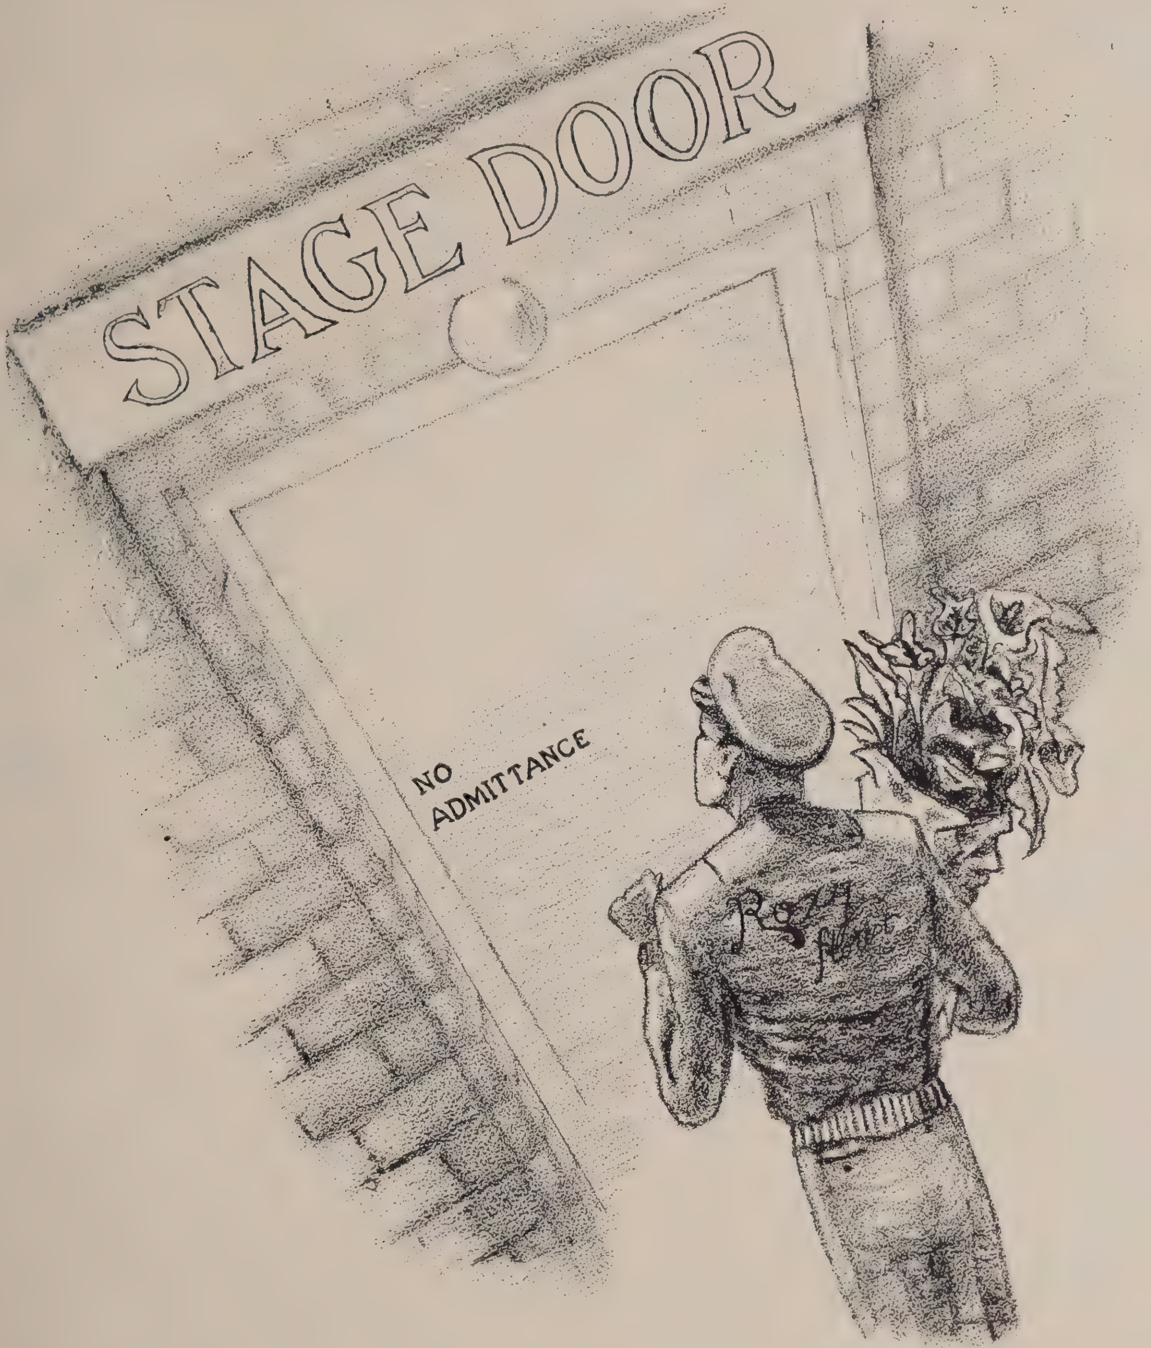
With a host of returning lettermen to bolster our track hopes, Coaches George Melinkovitch and Spencer Woolley have predicted bright things for the Tiger Cindermen in the forthcoming 1946 season. The Red and Gray have two outstanding performers in speedy Vince Palmo and fleet-footed Joe Payne. Both lads are exceptionally fast in their specialty, the century, and better than average performers in the 220 yard dash—their presence is doubly important. As usual, the weight department has a host of muscle men around to compete in the shot put event. Leading the list of potential contenders are Art Swerdlow and Don McDade. Another point-getter is Don Nalebuff, who concentrates his efforts solely on the discus. His point contribution was one of the highest last year. Another returning veteran, Jack Kulpa, not only tosses the javelin, but also is noted for his high jumping ability. Many track followers believe that Jack will top the school high jump record of 5′ 9″ this season. Rounding out the host of veterans are Al McCabe, Bill Rice, Tony Del Tufo and Roger Gibson.



SWIMMING TEAM

Captain Don Post, leading Bengal scorer for the past three seasons, paced the mermen. Post tallied over 190 points in his three years of varsity competition and was almost unbeatable in his specialty, the 100 yd. free style. Post had assistance from teammates Walter Sorg, one of the highest scorers on the team, and Bob Fredrick. Sorg competed in the backstroke, while Fredrick saw duty in the 50 yd. free style.

Representing the senior class on the squad were Don Post, Walt Sorg, Bob Fredrick, Dave Knoepfel, and Bob Banks.



OPENING NIGHT

We have finished! We have reached our goal—graduation from high school. Our first night performance has been judged successful by the critics . . . we have laid the foundation for our career. But have we finished? or have we merely begun? Our stage—the world—lies before us. We have been given the fundamental training. We, the present generation, must now begin to play our part in the building of a peaceful world.
